## Lava Rock Charbroiler Conversion Kit

Now with Admiral Crafts **Lava Rock Conversion Kits**, any commercial kitchen can add new flavorful items to their menu by converting their radiant charbroilers into lava rock charbroilers.

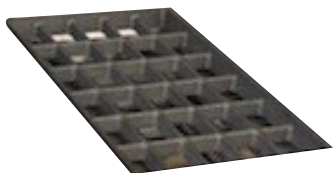

Not only do the lava rocks add a unique taste but they evenly distribute the heat throughout the top grate and help control flare ups.

**AVAILABLE FOR ALL BLACK DIAMOND CHARBROILERS:**  
BDECTC-16 / BDECTC-24 / BDECTC-36 / BDECTC-48

**LAVA ROCK CONVERSION KIT ITEM:**  
LRK-16 / LRK-24 / LRK-36 / LRK-48

### Conversion Kits Include:

#### Lava Rock Bottom Grate

Made of cast iron  
15.5" L x 6.25" W

#### Radiants

Improves heat distribution  
16" L x 1.5" W

#### Lava Rocks

Adds a rich, smoky flavor to signature menu items

### Easy Conversion Instructions:

**STEP 1.** – Take out existing heating radiants

**STEP 2.** – Insert Lava Rock Conversion heating radiants

**STEP 3.** – Insert bottom cast iron grates

**STEP 4.** – Place lava rocks on grates  
(Lastly add top charbroiler grates as in top display image)
