

HEAT SEAL WRAPPERS

The industry standard for the past 65 years!

These film-wrapping food packaging units are made of heavy duty components to withstand years of use and have many features not found on other wrappers.

TABLETOP MODELS

- Solid state controlled film cutoff rod
- Thermostatically controlled hot plate with non-stick, replaceable non-stick cover
- Heavy gauge aluminum base
- Aluminum and Stainless Steel construction
- Stainless Steel wrapping surface
- Large rubber feet for stability

625A MINI

Sales Tip: We recommend **Roller Mounted Wrappers (500A & 600A)** when film roll sizes are changed frequently.
