

OAK HIGH SPEED COMMERCIAL HAND DRYER
 120V/60Hz **ALP404** / 220V/60Hz **ALP404-20**

The OAK High Speed Hand Dryer is quieter when compared to other high speed hand dryers, with **only an 8 second drying time**. A replaceable HEPA filter removes bacteria from the air used to dry your hands, and also helps keep the motor and internal hardware clean. Automatic, touch-free operation, insert hands into the dryer and slowly raise them to dry. Hand dryer is equipped with a **high or low speed**, and hot or cold blowing air temperature controls, and is able to be plugged in for fast and easy installation. Also featuring a **water reservoir** located at the bottom of the hand dryer that **can be easily removed and cleaned** to keep your floors and surrounding areas moisture free.

WATER WAY CLEANING BRUSH
ALP404-BRUSH

The Water Way Cleaning Brush is compatible with the OAK Hand Dryer and HEPA filter.

HEPA FILTER
ALP404-HEPA

The HEPA Filter is a replaceable air filter for OAK Hand Dryer which helps to remove bacteria from the air.
