

HORIZONTAL BABY CHANGING STATION 411

Meet customer, staff and visitor amenities expectations by installing the sleek, modern, easily cleaned, Alpine Industries Horizontal Baby Changing Station in your commercial establishment, office or professional institution's restrooms. The concave resting surface, along with the secure safety belt, comfortably hold your little one securely in place during use. Added child protection afforded by using table liners easily accessed from two 50-liner dispensers and antimicrobial coating on changing table surface. Designed to support small children up to 50lbs when properly installed.

FEATURES & BENEFITS

- High density polypropylene plastic construction with protective antimicrobial coating
- Meets global ADA, FDA, & ASTM safety standards for enhanced child protection
- Safety belt securely holds child in place
- Two side hooks for handing diaper bag and personal items off the floor
- Dual liner holders for up to 100 film liners to shield child from table surface
- Mounting hardware and multi-lingual instructions included
