

NEW ANYWHERE INDUCTION WARMING STOVE

12079

Elegant , sleek, smart are words that describe Bon Chef's NEW Anywhere Warming Induction Stove. Now you can put vessels anywhere on the surface with food directly into the vessel and have full control of how hot you want to keep the food. The best part is its 120 volts 16 amps and only draws 1750 watts . This means it can be plugged into any outlet. Multi 2 zone.
