Chafing Dish Heating Plate w/ Fixed Temperature 120v, 6 amps, 600 watts	✓	12092	9 7/8" X 7 7/8"

*Unique dripless feature prevents condensation from spilling onto table.
Condensation goes back into water pan.*

Our chafing dishes are available with an electric #12090 UL approved thermostatically controlled heater.

Two style heaters are available:

#12090 & #12091 - Thermostatically controlled for low to high range of heat.

#12092 - Preset temp to simmer and will not overheat food.
