

NEW JUICE DISPENSERS

40506

40505

40507

40508

Introducing our new innovative Cold Wave Chill Tube. No more filling ice tubes with crushed ice. Simply put the tube in the freezer for 4 hours and insert into Bon Chef juice dispenser. The juice will stay cold for hours. Bon Chef's Cold Wave Chill Tube will fit into most existing ice tubes and will work better than ice.
