Active aisle of 30"- 36" provides easy access to all stored product.

Stationary Unit   High Density Mobile Units   Stationary Unit

High Density Storage Floor Track System

- **High Density Mobile Starter Units include:**
  2 factory assembled mobile post kits, 8 shelf traverses, shelf plates, 4 high density grooved casters, and 4 high density donut bumpers. Units ship complete in 1 box.
- **High Density Full Track Kits include:**
  Aluminum raised tracks, steel joiners, stationary unit end plates and leveling feet, pan head screws, and star washers.
- **High Density Track Extension Kits include:**
  Aluminum raised tracks, steel joiners, pan head screws and star washers.

Features & Benefits

- System composed of stationary starter units anchored to raised floor track system at each end with high density mobile units installed on tracks.
- Withstands storage temperatures from -36° to 190°F (-38° to 88°C). Use in walk-in coolers, freezers, dry storage, warewashing areas, loading docks or front of the house. Impervious to moisture, chemicals, salt, food acids, and humidity.
- Posts and traverses are made of revolutionary, extremely strong composite material with a smooth, easy-to-clean surface. Stronger than common wire shelving and lighter in weight than Camshelving Premium Series. Shelf traverse dovetails snap easily and quickly into place.
- High density donut bumpers offer added protection when maneuvering units back and forth on the track.
- Grooved track rails connect to bottom of stationary units with easy to install stainless steel hardware. No bolts, glue or drilling required.
- Aluminum tracks and stainless steel hardware are rust resistant. Track provides smooth and level surface for mobile units and is designed for easy cleaning.
- Removable polypropylene shelf plates have permanent, molded-in Camguard®, an antimicrobial technology that inhibits the growth of mold, fungus and bacteria.
- Shelf traverses can be removed and adjusted easily at 4" (10,2 cm) increments.
- Recommend installing a stationary unit every 15' (4,6 m) of track to stabilize system.
- Lifetime warranty against rust and corrosion.
- Available in 1 color – Speckled Gray (480).

Weight Bearing Capacity

Weight must be evenly distributed across the entire shelf.

		UNIT LENGTH 24" – 48"
MOBILE UNIT	Unit only*	750 lbs.

* Due to the weight bearing capacity of casters, maximum weight load on an entire Mobile Unit is 750 lbs.

Full Track and Extension Kits

CODE	DESCRIPTION	CASE PACK
Full Track Kits		
CSMHDTK10	10' Track for 3 Mobile Units*	1
CSMHDTK12	12' Track for 4 Mobile Units*	1
CSMHDTK145	14.5' Track for 5 Mobile Units*	1
Track Extension Kits		
CSMHDTKE4	4.5' Track Extension	1
CSMHDTKE5	5' Track Extension	1
CSMHDTKE6	6' Track Extension	1

Color: Silver (000).   *Based on 24" deep mobile units.
Track Extension Kits include: Track rails (1 set), rail joiners, and hardware to complete installation.

Architect Specs

Posts and Traverses: Proprietary non-corrosive composite material.
Post Connectors: Reinforced polypropylene.
Shelf Plates: Reinforced polypropylene with Camguard™ antimicrobial.
Adjustable Foot: Reinforced nylon.
Traverse Dovetails: Reinforced nylon.
Post Connector Collar Wedge: Reinforced nylon.
High Density Caster: Polyolefin resin with zinc plated post.

Optional Accessories

- Shelf Identification Tags
- Shelf Divider Panel
- Shelf Divider Bars (Straight or Angled)
- Shelf Rails
- Wall Fastener
- Floor Fastener
- Single Shelf Sheet Pan/Tray Rack
- Single Shelf Security Cage
- Shelf Traverses (Single or Double)
- Single Shelf Sheet Pan Rack
- Bottom Shelf Dunnage Stands
- Single and Add-on Can Racks
