

Two Bulb Adjustable

- Adjustable arm for different heat settings
- Spun aluminum shades with flared rim for added strength and more even heat dissipation
- Ceramic insulated sockets with nickel plated contacts to prevent fusing
- Meets Standard Electrical Specifications shown on below
- On/Off switch mounted on arm away from heat zone
- Includes two 250-watt Clear bulbs
- UL & CSA listed

Standard Electrical Specifications

- Sockets are ceramic insulated and furnished with a nickel-plated copper screw shell and contact point to prevent fusing
- Internal wiring is braided and silicone covered and rated 200°C
- Durable 16 gauge external wiring with molded three-prong plug
- All switches are either “T” or “L” rated and surpass minimum requirements
- All switches are located out of the heat zone
- Designed to operate on 110-120 volt AC service; wiring will accommodate 250 volt AC service
- Heat lamps have one year warranty against defects in materials and workmanship
