### Application

The self-leveling cantilever style tray dispensers can be found in tray lines, or any place your needs require.

### Construction

The cantilever style tray dispenser is made of all-welded stainless steel construction and accepts trays on a stainless steel spring-loaded, self leveling carriage. Carriage is cantilevered to a vertical support on two arms and shall feature a bank of tension springs concealed inside the vertical support.

Spring tension for carriage is field adjustable without tools by hooking or unhooking springs to or from the carriage, providing proper dispensing level. Unit base features corner bumpers.

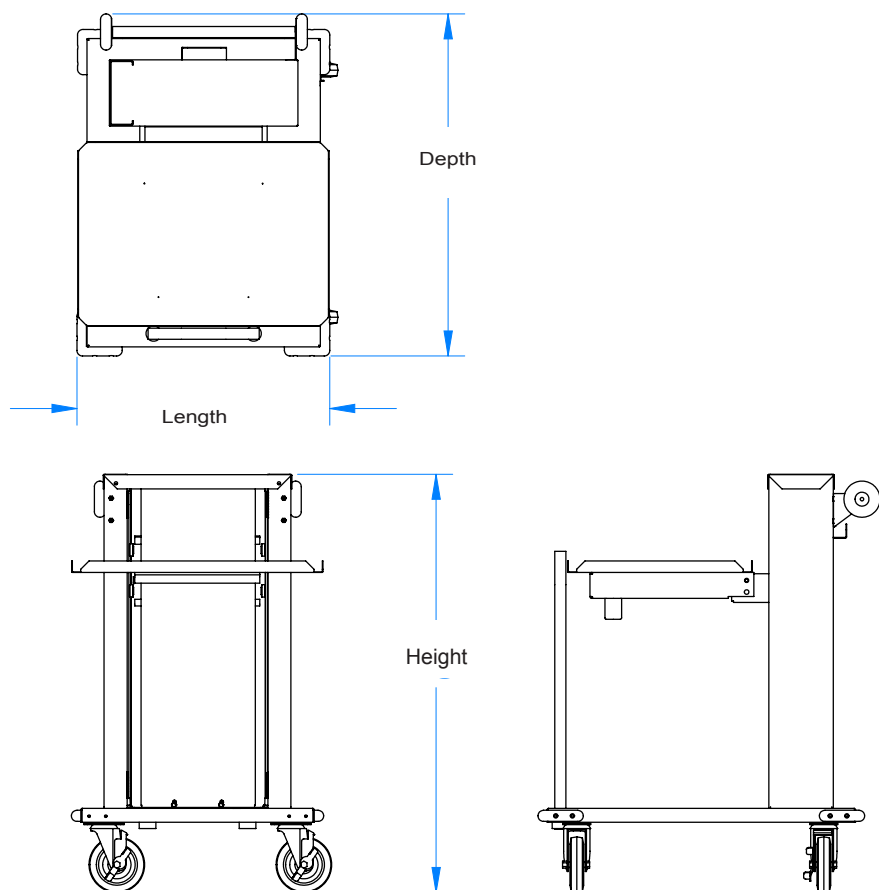

Removable SAFE "T" BAR included with the unit prevents loads from falling off tray platform and stores conveniently onto hook on rear of unit.

Four 5" heavy-duty non marking swivel caster (2 w/ brakes) are securely mounted to base.

### Warranty

One years parts and labor.
