FETCO®
TRUSTED | RELIABLE | QUALITY

CBS-1131/2 & 1151/2 Extractor V+ Coffee Brewers

The Extractor V+ comes standard with the basic features operators need to provide an efficient and reliable coffee service for any daypart.

Extractor V+ Control Panel

- Control all brewing functions and diagnostic tools with the user-friendly digital touchpad. The screen prominently displays messages, numbers and symbols as you interact with the nimble brewer software. Each batch and stop button features a vibrant LED to easily recognize brew status and selection.

Revolutionary Cascading Spray Dome®

Exclusive to FETCO®! This unique, patented feature provides even saturation of the coffee bed for maximum flavor and aroma extraction. It resists lime build up which means fewer service calls and more time producing revenue.

Legendary Extractor® Controls

- The V+ comes standard with programmable extraction controls that are the cornerstone to producing precise volumes of the great-tasting coffee your customers demand. Bypass available on CBS-1150 series at an additional charge. Bypass not available on CBS-1130 series.

Efficient Design & Construction

- ▼ FETCO equipment is designed and built to standards well above most others and can deliver significant energy savings when compared to similar competitors' products.

Four Dispenser Types Offer Even More Flexibility

- ▼ Depending on your coffee service needs, choosing the right dispenser is easy with the LUXUS® line of matching Thermal Servers, Dispensers and Airpots. Dispensers sold separately.

Common Internal Parts

- ▼ Keep inventory and service costs down with interchangeable parts on the XT5™ systems and other V+ models.

Water Specification

Water Inlet 3/8" Male Flare Fitting	Minimum Flow Rate 2 gpm [7.6 lpm]	Water Pressure 20-75 psig [138-517 kPa]
---	---	---

VERY IMPORTANT! To help prevent mechanical issues and extend the life of your equipment, connect to a proper water filtration system.
