Column Towers

CT- - -

Size:
Specify the number of faucets from 1 to 3.

Stainless steel finished as:
 SS = Grainline
 MF = Mirror
 PB = Brass

Standard Features

- All stainless steel construction
- Integral surface mount drain pan with lift-out perforated insert
- 1/4" shanks with 3/16" restriction lines
- Available in grainline finish, mirror finish, or brass finish* (*NOTE: Brass finish towers provided with mirror finish drain pan and brass finish perforated insert)
- Available with eco friendly foamed-in-place cold plate assembly for recirculating system. Eco friendly foamed-in-place insulation has zero impact on global warming or ozone depletion.
- Available with one, two, or three faucets
- All models include all stainless steel faucets and shanks
- Unique internal support system for solid mounting
- Base plate serves as template for hole cutting
- Available with rinser faucet extension to the left or right of the drain pan. Specify RFE accessory.

NOTE: Rinser faucets are not intended for use with towers mounted to a refrigerator due to risk of water line freeze up.

Rinser Faucet Installation Notes

- Important: Unit must be installed in conformance with applicable federal, state, and local plumbing codes, including adequate backflow when required.
- Must install backflow prevention device conforming to ANSI/ASSE 1022 or ANSI/ASSE 1024 to meet plumbing code (not included).
- Install in-line water regulator (included).
- A separate shut-off valve is recommended (not included).
