LLD3

LLDG

LLD Configurable Options

Power Cord Style:
- Type B - NEMA 5-15P (Default - North America)
- Type F (Europe)
- Type M (India)

Power Cord Location:
- Left or Right

Exterior Finish:
- Black vinyl-clad
- Stainless steel

LED Lighting:
- Bright white
- Warm white
- Adjustable multi-color

Standard Features

- Long lasting LED lighting
- On/off switch conveniently located on same side as power cord
- Available with two (LLD2 models) or three (LLD3 models) 4" high by 4" deep steps
- LLDG models have two steps and are designed for use in conjunction with Glastender Glass Ice Display Units. The first step is 9-1/4" high and a front light channel helps to illuminate the ice display.

Specifications

Electrical
- 100-240 VAC, 1 phase, 50/60Hz, less than 2 full load amps
- Includes on/off switch and 6-foot grounded cord and plug located on the left or right side as specified at time of order
- Adjustable multi-color option includes manual knob for color selection on same side as cord

Materials
- Black vinyl-clad steel parts include: standard front, back, and sides
- Stainless steel parts include: bottom, optional front, back, and sides
- Top consists of 1/8" thick opaque acrylic

LLDG models are designed for use with Glastender Glass Ice Display Units. The 16" Deep GDU models mounted on a cooler at the factory have an 8-1/4" rear deck space specifically designed to fit the 8" deep LLDG. The 9-1/4" high first step of the LLDG raises the bottles above the back of the GDU and the front light channel helps to illuminate the GDU. (See the side view detail.)
