IHR-24SP shown with optional electric Bain-Marie and faucet

SPREADER - Provides additional working space between ranges.

- Front 1-1/4" (32 mm) manifold joins adjacent equipment.
- Manifold is protected by a stainless steel 7" (178 mm) landing ledge.
- Cabinet base has a bottom shelf for storing pans and stock pots.
- Permits rear tee connection to add sufficient gas input for a large battery of gas equipment.
- Optional electric Bain-Marie and optional faucet for added convenience for 18", 24" and 36" (457, 610, 914 mm) models.
- Optional cut-outs in work top are available to hold round inserts.

EXTERIOR FEATURES - Sleek European styling with wide radius ledge and optional high shelf.

- Stainless steel front, sides, landing ledge and open cabinet base.
- Welded and polished stainless steel seams.
- Enclosed front 1-1/4" (32 mm) manifold.
- Common ledges, backguards and shelves are available as options for a seamless, professional look.
- Large 7" (178 mm) stainless steel landing ledge.
- 6" (152 mm) high 2-1/2" (64 mm) diameter heavy duty legs with adjustable feet.
- One year parts and labor warranty.
