

# DRAFT TOWER PORTFOLIO

## ANACONDA

Draw attention to "what's on tap" with the sexy curves and flowing lines of this tower. 304 series stainless steel faucets are standard. Available in various exterior finishes and custom powder coating, including wood, marble and other non conforming patterns.

\*NOTE: Order medallion inserts separately.

**NOT FOR USE WITH MDD23W**

## EDGE

The Edge tower draws its name from the crisp lines defining its shape. Featuring polished stainless steel exterior that creates mirror-like surfaces. Our 304 series stainless steel faucets are standard. Available in various exterior finishes and custom powder coating, including wood, marble and other non conforming patterns.
