Commercially approved to NSF-7 standards

Reach-in design ensures easy access to interior contents

### Product Features:

|                                 |                                                                                                                                     |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Commercially approved           | Design meets UL-471 commercial standards and is ETL-S listed to NSF-7 standards for commercial use                                  |
| Slim fit                        | Just 24" wide and deep for an easy fit in any setting                                                                               |
| Reach-in design                 | Unique design makes it easy for busy wait staff to access stored contents                                                           |
| Convertible use                 | Ships on a dolly for easy mobility, but can be removed and serve as a freestanding refrigerator as needed                           |
| Factory-installed dolly         | Unit ships on a dolly with four 3" high casters (rear two are locking) to allow easier mobility between the kitchen and dining area |
| Heavy-duty tray holders         | Includes seven adjustable U-shaped tray holders for strong support of interior trays and sheet pans                                 |
| Half-sheet aluminum pans        | Seven adjustable half-sheet pans make loading and unloading contents easy                                                           |
| Seven adjustable chrome shelves | Extra shelves for alternate storage as needed                                                                                       |
| Frost-free operation            | No-frost convenience requires no manual defrosting                                                                                  |

## SCR1401RI Specifications:
