

the CHILLER COLLECTION™

Fill, Chill & Serve!

Our new range of lightweight, economical serving options makes entertaining or condiment serving easy - and safe! Perfect for fruit and veggie platters, indoor and outdoor entertaining, holiday gatherings, and so much more!

Our serving trays feature a lid/base combo that makes it simple to store and transport. Once you're ready to serve, simply flip the lid, fill with ice, and use as a chiller base to keep your food crisp, cold, and fresh.

Serving dips, side dishes, or condiments? Keep them chilled for hours with our dip bowls and condiment holders. Nest the inserts inside the ice-filled base and serve with confidence. Our condiment holders also feature a hinged lid to keep the cold in and the bugs out.

BPA Free
