**Primary attachment system:** 3-point seatbelt with side belts attaching to bottom of chair's seat and center belt secured between the center bar of the seat. Use Replacement Strap Assembly A\* (Item #676767).

Permanent passive restraint added to the front of the chair and the height of the back rest have been increased to keep child more securely in their seat.

New ASTM F404-18 compliant warning labels can be found on the front and back of the back rest.

The gaps of side panels between arm rests and seat have been reduced to prevent arms and legs from getting lodged.

Increased stance and extended base bars added for stability and reduced risk of tipping

Split washers will be used with all bolts to prevent them from loosening.
