72" Wide Four Drawer Model	UPT7224-DD
72" Wide Four Drawer Model	UPT7230-DD

Traulsen's durable, high performance, sandwich prep tables provide a high quality/ high value alternative to the all too common commodity types in today's market.

Any comparison between prep tables should start with performance, and Traulsen really does the job. Not only do they all meet the NSF 7 Standard, but do so under real world conditions, even when using 6" deep top pans! A Traulsen exclusive.

Truly front breathing, their design allows for "zero-clearance" installation. As a result they can be placed right up against the backwall and alongside other kitchen equipment, saving valuable floor space.

Standard Product Features

- High Quality Stainless Steel Exterior Top, Sides & Drawer(s)
- Durable, Corrosion Resistant Anodized Aluminum Interior
- Provides NSF Standard 7 Performance, Even When Using 6" Deep Top Pans - A Traulsen Exclusive
- Front Breathing Self-Contained Refrigeration System
- Standard Work Height 36-1/4" (see "optional accessory kits for lower height casters to meet ADA requirements or provide lower work heights)
- Environmentally Friendly R-134a Refrigerant
- Top Cut-Outs Accommodate Sixth Size Pans (divider bars and 4" deep plastic sixth size pans provided)
- Reinforced Top Pan Ledge (holds pans securely level)
- Removable Stainless Steel Insulated Top Pan Cover & Pivoting Front Lid
- Reversible, Full Length White Nylon Cutting Board
- Interior Mounted Thermometer
- Automatic Non-Electric Condensate Evaporator
- Full-Length Drawer Handle with Gasket Guard
- Magnetic Snap-In Drawer Gaskets
- Self-Closing Drawers with Stay Open Feature
- 8' Cord & Plug Attached
- Set of Four (4) 4" Casters (6 for 60" & 72" models)
- Three Year Parts And Labor Warranty
- Five Year Compressor Warranty

Optional Accessory Kits*

- CASTER 5SET4 (four 6" high casters for 27" & 32" models)
- CASTER 5SET6 (six 6" high casters for 60" & 72" models)
- CASTER SET3IN (four 3-1/2" high casters for 27" & 32" models)
- CASTER SET4 (six 3-1/2" high casters for 60" & 72" models)
- CASTER SET2IN (four 2-1/2" high casters for 27" models)

*All optional accessory kits are shipped separately for field installation.

Factory Installed Options

- Stainless Steel Finished Back

This unit is listed to UL 471, CSA 120 and NSF 7 by an approved NRTL. Consult the factory or unit data plate for approval information.

3-YEAR
PARTS & LABOR WARRANTY

Specifications

Construction, Hardware and Insulation

Cabinet exterior front, sides, pan cover, lid and drawers are constructed of stainless steel. Cabinet interior and drawer liners are constructed of anodized aluminum. The exterior cabinet back and bottom are constructed of galvanized steel.

Both the cabinet and doors are insulated with an average of 2" thick high density, non-CFC, foamed in place polyurethane.

A 3/4" thick, full-length, reversible white nylon cutting board is supplied standard.

Top Pans & Cover

Each model is supplied standard with its full compliment of 4" deep plastic 1/6 size pans and stainless steel pan dividers. The pan cover and lid are constructed of stainless steel, and is easily removable for cleaning.

Refrigeration System

A balanced, rear mounted, front breathing, self-contained refrigeration system using R-134a refrigerant is provided. It features a capillary tube metering device, air-cooled hermetic compressor, a forced air evaporator coil and a non-electric condensate evaporator. An 8' cord and plug is provided. Standard operating temperature of the refrigerated base is 34 to 38°F.

Drawers

They are constructed using 16 gauge stainless steel drawer slides and 1.25" diameter stainless steel rollers. Gasket profile and Santoprene® material simplify cleaning and increase overall gasket life. Drawers include both a self-closing and stay-open feature.

Warranties

Both a three year parts and labor warranty and a five year compressor warranty (self-contained models only) are provided standard.

NOTES:

- Overall depth figure includes standard cutting board.
- Height shown when mounted on 6" high legs or casters.
- Based on a 90 degree F ambient and 20 degree F evaporator.
- When ordering please specify: Voltage, Hinging, Optional Accessories and any additional warranties.
- This unit may be manufactured in other electrical characteristics and may have additional regulatory agency approvals. Consult factory for other electrical characteristics and agency approvals based on specific electrical and country requirements. (For exact electrical information and approval marks, always refer to the data label of the unit.)
- Continued product development may necessitate specification changes without notice.
