F-1725 Counter Top Fryer

Model F-1725

DESCRIPTION

Wells F-1725 counter top fryer is one of the most dependable, durable and easy-to-use fryers in the industry and comes with two rear hanging, half-size fry baskets standard. 40 Lb. capacity, deep drawn fry pot is removable and made of stainless steel for strength, durability and long life. The fry pot is easily removable and holds 40 Lbs. of oil.

SPECIFICATIONS

CONSTRUCTION – features stainless steel top, front, sides, fry pot and elements. Adjustable 4” legs are included.

ELEMENTS – F-1725 fryers are equipped with swing-up, immersion-type, heavy duty, stainless steel elements. Elements are rated at 17,250 watts in 208V and 17,250 watts in 240V and will produce up to 900 each 2-oz. servings of French fries per hour or 60 Lbs. of chicken per hour. Elements are located below the basket for even heat distribution. Elements control housing has a spring-loaded, self-locking rod support to safely secure elements when in the raised position.

CONTROLS – The Wells F-1725 features a single control. Oil temperature is operated by a positive off, adjustable, snap-action thermostat that ranges from 275° F to 375° F. A manual reset safety thermostat shuts the heating element power should an over temperature occur. A red signal light indicates an over temperature condition.
